4. Supporting evidence

Nominators are required to describe in as much detail as possible evidence of the nominee's commitment to delivering, supporting and implementing diversity initiatives for emergency department staff and/or patients and/or the wider community. Additional pages and evidence in support of this may be attached if required.

Selection Criteria

- Demonstration of promotion of diversity, inclusion and cultural competency development among emergency department staff and/or patients via innovative initiatives that establish and foster a more inclusive and equitable work environment; or

For nominations relating to community activities outside the ED: providing support to community-based diversity programs designed to improve people's cultural awareness and sensitivity.
