D1 Emergency Medicine Certificate

D1.1 Eligibility for the Emergency Medicine Certificate Training Program

- D1.1.1 To be eligible to enrol as a trainee in the ACEM Emergency Medicine Certificate (EMC) Training Program, medical practitioners must hold appropriate registration with the relevant regulatory body as applicable for the jurisdiction in which they are intending to train.
- D1.1.2 To be eligible to commence the EMC Training Program, medical practitioners must:
- (a) be in their second or subsequent postgraduate year;
 - (b) in their first or subsequent post graduate year, have previously completed a minimum of 10 FTE weeks in an Emergency Department; and
 - (c) not be enrolled in the FACEM Training Program, EMD Training Program or SIMG Program.

D1.2 Enrolment as a Trainee

- D1.2.1 Applications to enrol in the EMC Training Program must be made using the prescribed application form and include all required documentation as specified on that form, together with payment of the applicable fee.

D1.3 Medical Registration

- D1.3.1 Except as specified elsewhere in these Regulations, at all times while undertaking the EMC Training Program, trainees are required to hold:
- (a) General, provisional or limited registration with the MBA – for trainees in Australia;
 - (b) General or provisional scope registration with the MCNZ – for trainees in New Zealand; or
 - (c) the appropriate registration with the relevant regulatory body as applicable for the jurisdiction in which they will be undertaking the EMC Training Program.
- D1.3.2 Trainees enrolled in the EMC Training Program and who undertake a temporary absence from medical practice (e.g. maternity or parental leave) may, for the purposes of Regulation D1.3.1, hold non-practising registration with the MBA or the MCNZ as applicable for the duration of that absence from medical practice.
- Corresponding exceptions to the need to hold appropriate registration with the relevant regulatory authority pursuant to Regulation D1.3.1 apply to those undertaking the EMC Training Program in countries other than Australia or New Zealand and who undertake a temporary absence from medical practice.
- D1.3.3 Trainees are required to notify the College within five (5) working days if their medical registration with the MBA, MCNZ or other authority as applicable expires; or within five (5) working days of the date of notification if, for any reason, their medical registration is withdrawn, suspended or conditions are imposed, or if they receive notice of any complaint to any medical registration authority.

D1.4 Training Program Fees

- D1.4.1 Except as provided for elsewhere in these regulations, all EMC Training Program trainees, regardless of whether training full-time or part-time, must pay the full EMC Training Program fee at the time of enrolling in the program.
- D1.4.2 EMC trainees will not be eligible to attempt College assessments, and will not have their training time considered for certification nor receive their EMC qualification while the training fee or any other amounts owing to the College remain unpaid.

D1.5 Satisfactory Completion of the EMC Training Program

- D1.5.1 Trainees who successfully complete the EMC Training Program will have satisfactorily completed the following requirements within two (2) years of the date of commencement of training:
- D1.5.1.1 six (6) FTE months of prospectively approved supervised training;

D1.5.1.2 the following three (3) online learning modules and their associated completion assessments:

- (a) Undertake initial assessment and management;
- (b) Manage common emergency presentations; and
- (c) Participate in clinical support activities and administration;

D1.5.1.3 the following Workplace-based Assessments:

- (a) five (5) Mini-Clinical Evaluation Exercise (Mini-CEX);
- (b) six (6) Direct Observation of Procedural Skills (DOPS);
- (c) two (2) Case-Based Discussion (CBD); and
- (d) Procedural Checklist;

D1.5.1.4 the following Emergency Skills workshops:

- (a) Basic Life Support (BLS);
- (b) Advanced Life Support (ALS);

D1.5.1.5 ten (10) Emergency Department written case reflections;

D1.5.1.6 the EMC Online Examination.

D1.6 Timeframe for Completion of the EMC Training Program

D1.6.1 Trainees must complete all requirements of the EMC Training Program and be eligible for election to membership of the College as a Certificant within two (2) years of the date of enrolment as a trainee. This two-year period is inclusive of all leave taken, and any periods of interrupted training.

D1.7 EMC Training

D1.7.1 Training Requirements

D1.7.1.1 Trainees must complete six (6) FTE months of prospectively approved supervised training.

D1.7.1.2 For the purposes of Regulation D1.7.1.1, ACEM regards a 1.0 FTE load to comprise a minimum of 38 hours per week.

D1.7.1.3 Cognisant of Regulation D1.6.1, training may be undertaken on either a full-time or a part-time basis, as the trainee may choose. Any changes to a trainee's FTE status must be notified to the College.

D1.7.1.4 With the prior approval of the College, training may be undertaken in blocks of not less than six (6) FTE weeks. Trainees who complete the required six (6) FTE months of training in blocks of training must also remain within the maximum limits allowed for completion of all requirements of the EMC Training Program.

D1.7.2 Part-Time Training

D1.7.2.1 Part-time training must meet minimum placement duration requirements and be undertaken at a minimum of 0.5 FTE of the full-time position. Part-time training of less than 0.5 FTE will not be considered for certification.

D1.7.2.2 Trainees who train part-time must also remain within the maximum limits allowed for completion of all requirements of the EMC Training Program as a whole.

D1.7.3 Leave from Training

D1.7.3.1 Trainees training full-time are permitted up to three (3) weeks' leave per six (6) FTE month training period.

D1.7.3.2 Where the length of any individual placement meets minimum training requirements, trainees training part-time have pro-rata leave entitlements.

D1.7.3.3 Periods of leave greater than that permitted under Regulation D1.7.1 require the prospective approval of the College. Any such application must be submitted using the applicable form and received by the College not less than two (2) weeks prior to the date of commencement of the proposed period of leave.

D1.7.4 Supervision of Training

D1.7.4.1 Trainees must be supervised by either:

- a Fellow of the Australasian College for Emergency Medicine (FACEM); or
- a currently certified Diplomate of the Australasian College for Emergency Medicine (Dip EM (ACEM))

who has satisfactorily completed the ACEM Clinical Teaching Course; an 'approved EMCD Supervisor'.

D1.7.4.2 Not less than 30 per cent of a trainee's workplace practice must occur under the direct clinical supervision of an approved EMCD Supervisor(s) and/or FACEM.

D1.7.4.3 Each trainee shall have a 'Primary Supervisor' who is responsible for the oversight of that trainee's progression through the EMC Training Program. Only an approved EMCD Supervisor is eligible to be the Primary Supervisor.

D1.7.5 Training Sites

D1.7.5.1 EMC training may be undertaken in an emergency department with the following minimum staffing:

- (a) one (1) full-time equivalent Fellow of the College (i.e. FACEM), at least one (1) of whom is an approved EMCD Supervisor; or
- (b) one (1) full-time equivalent Diplomate of the College and one (1) at least 0.5 FTE FACEM, both of whom are approved EMCD Supervisors; or
- (c) subject to the prior approval of the College, a site with less than one (1) FTE FACEM that does not otherwise meet Regulation D1.7.1.5(b),

D1.7.5.2 For the purposes of Regulation D1.7.5.1(c), prospective EMC trainees will need to demonstrate to the satisfaction of the College, appropriate arrangements to enable them to receive the supervision required pursuant to Regulation D1.7.4, which must include at least 80 hours working or observing at a site that meets the requirements of Regulation D1.7.5.1(a).

D1.7.6 Removal from the EMC Training Program

D1.7.6.1 Unless the Emergency Medicine Certificate and Emergency Medicine Diploma (EMCD) Committee accepts that exceptional circumstances exist, a trainee shall be considered for removal from the EMC Training Program if they:

- (a) fail to complete the requirements of the EMC Training Program within the timeframe specified in these Regulations or their circumstances in the training program become such that they reach a point where it is not possible under these regulations for the requirements to be completed within the specified timeframe;
- (b) fail to pay all applicable fees by the date on which they are due and/or any associated late payment fees or portions thereof remain outstanding within three (3) months of the date on which the original fee was due;
- (c) fail to maintain medical registration in accordance with Regulation D1.3;
- (d) engage in conduct contrary or derogatory to or inconsistent with the principles, ethics, dignity, standards or purposes of the College, in which case the matter shall be dealt with by the Board.

D1.7.6.2 At least 28 days prior to the meeting of the EMCD Committee at which a trainee is to be considered for removal from the EMC Training Program, they will be informed in writing and advised:

- of the ground(s) on which they may be removed from the EMC Training Program;
- the date on which their removal from the EMC Training Program is to be considered;

Regulation D

Australasian College for Emergency Medicine

- that they are entitled to provide a written submission for consideration of any exceptional circumstances (as described in the College's *Exceptional Circumstances and Special Consideration Policy*), but that they are not entitled to attend in person or through a representative;
- that any information they wish to have considered by the EMCD Committee should be provided in writing to the College not less than 14 days prior to the meeting at which their removal from the EMC Training Program is to be considered.

D1.7.6.3 The EMCD Committee may make one of the following decisions:

- (a) That, on the basis of the materials presented to it, the trainee be permitted to remain in the EMC Training Program and the revised timeframe in which they are required to complete the requirements of this pathway.
- (b) That, on the basis of the materials presented to it, the trainee be removed from the EMC Training Program.

D1.7.7 Suspension from Training

D1.7.7.1 Unless the Board or Council of Education, in their absolute discretion, resolve otherwise, a trainee whose medical registration is suspended for any reason, or has conditions applied that restricts their ability to undertake fully the requirements of the EMC Training Program, or who fail, for whatever reason, to maintain registration with the MBA, MCNZ or other relevant regulatory body as applicable, shall automatically be suspended from the EMC Training Program, and shall not:

- (a) be entitled to undertake any assessment associated with the EMC Training Program;
- (b) be entitled to accrue or be credited with any training undertaken during the period of suspension from the EMC Training Program;
- (c) hold themselves to be a trainee of the EMC Training Program; or
- (d) be entitled to any benefits or entitlements under the EMC Training Program.

D1.7.7.2 The Board or Council of Education may by resolution and upon an application by the trainee, lift a trainee's suspension from the EMC Training Program with or without the payment of a further fee and subject to any conditions imposed by the Board or Council as applicable.

D1.7.7.3 The length of any suspension pursuant to this regulation shall not affect the timeframes for completion of the EMC Training Program as outlined elsewhere in these regulations and that period of suspension shall not, unless the Board or Council of Education resolves otherwise, be considered as an interruption to training.

D1.7.8 Termination of EMC Training

D1.7.8.1 A trainee who has their medical registration terminated or cancelled by a regulatory body empowered to do so, shall automatically be removed from the EMC Training Program. Any removal from the EMC Training Program pursuant to this regulation shall not be subject to reconsideration, review or appeal under College processes.

D1.8 EMC Online Learning Modules

D1.8.1 Trainees are required to complete the following three (3) online learning modules:

- Undertake initial assessment and management;
- Manage common emergency presentations; and
- Participate in clinical support activities and administration.

D1.9 Workplace-based Assessments

D1.9.1 EMC trainees are required to satisfactorily complete the following Workplace-based Assessments (WBAs):

- five (5) Mini-Clinical Evaluation Exercise (Mini-CEX);

Regulation D

Australasian College for Emergency Medicine

- six (6) Direct Observation of Procedural Skills (DOPS);
- two (2) Case-Based Discussion (CBD); and
- Procedural Checklist.

D1.9.2 Mini-CEX and CbD WBAs must be assessed by a FACEM or approved EMCD supervisor.

D1.9.3 DOPS must be assessed by a FACEM, approved EMCD Supervisor or a registered specialist medical practitioner whose area of speciality relates to the applicable area of clinical practice. In the case of the latter the trainee's Primary Supervisor must approve the completed assessment.

D1.9.4 The Procedural Checklist must be signed-off by a FACEM, approved EMCD supervisor or any registered specialist medical practitioner whose area of speciality relates to the applicable area of clinical practice.

D1.9.5 The Mini-CEX, DOPS, CbD and Procedural Checklist may be completed by telemedicine.

D1.10 Emergency Skills Workshops

D1.10.1 Trainees are required to satisfactorily complete the Basic Life Support (BLS) workshop or attain exemption from this requirement.

D1.10.2 Trainees are required to satisfactorily complete the Advanced Life Support (ALS) workshop or attain exemption from this requirement.

D1.10.3 Workshop Exemption

D1.10.3.1 Trainees seeking an exemption under Regulation D1.10.1 or Regulation D1.10.2 must provide documented evidence confirming their attendance and completion of the applicable workshop(s).

D1.10.3.2 An exemption will only be granted if the workshop(s) certification, as evidenced on the certificate of completion, is current or, where no period is specified, if the workshop(s) was completed in the five (5) years prior to entry to the EMC Training Program.

D1.10.4 Trainees must present original certificates, including those received by electronic correspondence, as evidence of workshop completion, to their Primary Supervisor.

D1.11 Written Case Reflections

D1.11.1 Trainees are required to submit ten (10) written case reflections regarding cases encountered in the Emergency Department in the course of their training.

D1.11.2 Written case reflections must be submitted via the trainee's ePortfolio and may be submitted at any stage in the course of the six (6) FTE months of training.

D1.11.3 Written case reflections are assessed by the trainee's Primary Supervisor and must be assessed prior to submission of the statement of attainment.

D1.12 Statement of Attainment

D1.12.1 Following completion of all assessments other than the EMC Online Examination, the Primary Supervisor must submit a statement to the College confirming the completion of all applicable assessments and the trainee's eligibility to sit the EMC Online Examination.

D1.12.2 The statement of attainment may be submitted prior to completion of the required six (6) FTE months of prospectively approved training.

D1.13 EMC Online Examination

D1.13.1 Eligibility

D1.13.1.1 To be eligible to sit the EMC Online Examination, trainees must have successfully completed:

- (a) a minimum of four (4) FTE months of prospectively approved supervised training;

Regulation D

Australasian College for Emergency Medicine

- (b) the required online learning modules and their associated assessments;
- (c) all required WBAs;
- (d) the BLS and ALS workshops or exemption from this requirement; and
- (e) all required written case reflections.

D1.13.1.2 The candidate must also:

- (a) be a registered EMC trainee of the College;
- (b) have no financial debts to the College; and
- (c) have a satisfactory statement of attainment.

D1.13.1.3 Subject to continuing to meet all eligibility requirements, candidates who are unsuccessful in an attempt at the examination are able to apply to sit the next scheduled examination.

D1.13.2 Examination Arrangements

D1.13.2.1 The EMC Online Examination is held four times per year on dates specified by the College and must be sat at the candidate's training hospital under supervision arrangements approved by the College.

D1.13.2.2 The College reserves the right to approve or reject any proposed invigilator(s) for candidates in the examination.

D1.14 Certification and Certification Fee

D1.14.1 To be eligible to apply for election to membership of the College as a Certificant, trainees must have satisfactorily completed the requirements of Regulation D1.5.

D1.14.2 It is the responsibility of the trainee to submit an application for certification to the College.

D1.14.3 An application for certification must be made using the appropriate form, together with payment of the required certification fee. Applications for Certification will not be processed until the application fee has been processed.

D1.14.4 Following approval by the Council of Education, the trainee will then be listed on the Register of Certificants.

D1.15 Recertification and Annual Subscription Fees

Refer to Regulation E2.

D2 Emergency Medicine Diploma

D2.1 Eligibility for the Emergency Medicine Diploma Training Program

- D2.1.1 To be eligible to enrol as a trainee in the ACEM Emergency Medicine Diploma (EMD) Training Program, medical practitioners must hold appropriate registration with the relevant regulatory body as applicable for the jurisdiction in which they are intending to train.
- D2.1.2 To be eligible to commence the EMD Training Program, medical practitioners must, at the time of application:
- D2.1.2.1 be in their third or subsequent postgraduate year; and
- D2.1.2.2 meet at least one of the following:
- (a) have successfully completed the ACEM Emergency Medicine Certificate (EMC); or
 - (b) be a Fellow of the Royal Australian College of General Practitioners (RACGP); or
 - (c) be a Fellow of the Australian College of Rural and Remote Medicine (ACRRM); or
 - (d) have successfully completed the RACGP Advanced Rural Skills Training (ARST) in Emergency Medicine; or
 - (e) have successfully completed the ACRRM Advanced Specialised Training (AST) in Emergency Medicine; or
 - (f) within the last five years, have worked at least two (2) FTE years in an Emergency Department of which at least three (3) months was undertaken in Australia or New Zealand; and
- D2.1.2.3 not be enrolled in the FACEM Training Program, EMC Training Program or the SIMG Program.
- D2.1.2.4 Medical practitioners applying under D2.1.2.2(b), (c) or (f) must:
- (a) provide evidence, signed by a FACEM or Diplomate with whom they have worked (either directly or within a network) in the last three years, of completion during that period, whether by clinical practice or simulation, of at least 80% of the procedures listed in the EMC Procedural Checklist, including all mandatory procedures; and
 - (b) provide evidence of a current Advanced Life Support certificate; and
 - (c) provide proof of currency of clinical practice; and
 - (d) and all other information specified by the College.

D2.2 Enrolment as a Trainee

- D2.2.1 Applications to enrol in the EMD Training Program must be made using the prescribed application form and include all required documentation as specified on that form, together with payment of the applicable fee.

D2.3 Medical Registration

- D2.3.1 Except as specified elsewhere in these Regulations, at all times while undertaking the EMD Training Program, trainees are required to hold:
- (a) General registration with the MBA – for trainees in Australia;
 - (b) General scope registration with the MCNZ – for trainees in New Zealand;
 - (c) the appropriate registration with the relevant regulatory body as applicable for the jurisdiction in which they will be undertaking the EMD Training Program.
- D2.3.2 Trainees enrolled in the EMD Training Program and who undertake a temporary absence from medical practice (e.g. maternity or parental leave) may, for the purposes of Regulation D2.3.1, hold non-practising registration with the MBA or the MCNZ as applicable for the duration of that absence from medical practice.

Corresponding exceptions to the need to hold appropriate registration with the relevant regulatory authority pursuant to Regulation D2.3.1 apply to those undertaking EMD training in countries other than Australia or New Zealand and who undertake a temporary absence from medical practice.

D2.3.3 Trainees are required to notify the College within five (5) working days if their medical registration with the MBA, MCNZ or other authority as applicable expires; or within five (5) working days of the date of notification if, for any reason, their medical registration is withdrawn, suspended or conditions are imposed, or if they receive notice of any complaint to any medical registration authority.

D2.4 Training Program Fees

D2.4.1 Except with the prior approval of the College, EMD Training Program trainees, regardless of whether training full-time or part-time, must pay the full EMD Training Program fee at the time of enrolling in the program.

D2.4.2 EMD Trainees may apply to the College to pay the EMD Training Program fee by six-monthly instalments.

D2.4.3 EMD trainees will not be eligible to attempt College assessments, and will not have their training time considered for certification nor receive their EMD qualification while the annual training fee or any other amounts owing to the College remain unpaid.

D2.5 Satisfactory Completion of the EMD Training Program

D2.5.1 Trainees who successfully complete the EMD Training Program will have satisfactorily completed the following requirements within five (5) years of the date of commencement of training:

D2.5.1.1 12 FTE months of prospectively approved supervised training in an Emergency Department;

D2.5.1.2 six (6) FTE months of prospectively approved supervised training comprising either:

- (a) a six (6) FTE month anaesthetics term; or
- (b) a three (3) FTE month anaesthetics term and a three (3) FTE month ICU term; or
- (c) a six (6) FTE month emergency department term and the Alternate Critical Care Pathway addendum logbook.

D2.5.1.3 the following three (3) online learning modules and their associated completion assessments:

- (a) Manage complex emergency presentations;
- (b) Participate in advanced clinical support activities; and
- (c) Demonstrate advanced professional, legal and ethical practice;

D2.5.1.4 the following Workplace-based Assessments:

- (a) eight (8) Mini-Clinical Evaluation Exercise (Mini-CEX);
- (b) nine (9) Direct Observation of Procedural Skills (DOPS);
- (c) four (4) Case-Based Discussion (CBD);
- (d) Procedural Checklist; and
- (e) Audit;

D2.5.1.5 certification in two (2) of the following workshops:

- (a) Advanced Paediatric Life Support (APLS) or Advanced Paediatric Emergency Medicine (APEM);
- (b) Early Management of Severe Trauma (EMST) or Emergency Trauma Management (ETM);
- (c) Advanced and Complex Medical Emergencies (ACME);
- (d) Effective Management of Anaesthetic Crisis (EMAC);

D2.5.1.6 12 Emergency Department written case reflections;

D2.5.1.7 the EMD Online Examination.

D2.6 Timeframe for Completion of the EMD Training Program

D2.6.1 Trainees must complete all requirements of the EMD Training Program and be eligible for election to membership of the College as a Diplomate within five (5) years of the date of enrolment as a trainee. This five-year period is inclusive of all leave taken and any periods of interrupted training.

D2.7 EMD Training

D2.7.1 Training Requirements

D2.7.1.1 Trainees must complete 18 FTE months of prospectively approved supervised training, comprising:

- (a) 12 FTE months in an Emergency Department; and
- (b) a six (6) FTE month anaesthetics term; or
- (c) a three (3) FTE month anaesthetics term and a three (3) FTE month ICU term; or
- (d) a six (6) FTE month emergency department term and the Alternate Critical Care Pathway addendum logbook.

D2.7.1.2 For the purposes of Regulation D2.7.2.1, ACEM regards a 1.0 FTE load to comprise a minimum of 38 hours per week.

D2.7.1.3 Cognisant of Regulation D2.6.1, training may be undertaken on either a full-time or a part-time basis, as the trainee may choose. Any changes to a trainee's FTE status must be notified to the College.

D2.7.1.4 With the prior approval of the College, training may be undertaken in blocks of not less than six (6) FTE weeks. Trainees who complete the required 18 FTE months of training in blocks of training must also remain within the maximum limits allowed for completion of all requirements of the EMD Training Program.

D2.7.2 Part-Time Training

D2.7.2.1 Part-time training must meet minimum placement duration requirements and be undertaken at a minimum of 0.5 FTE of the full-time position. Part-time training of less than 0.5 FTE will not be considered for certification.

D2.7.2.2 Trainees who train part-time must also remain within the maximum limits allowed for completion of all requirements of the EMD Training Program as a whole.

D2.7.3 Leave from Training

D2.7.3.1 Trainees training full-time are permitted up to three (3) weeks' leave per six (6) FTE month training period.

D2.7.3.2 Where the length of any individual placement meets minimum training requirements, trainees training part-time have pro-rata leave entitlements.

D2.7.3.3 Periods of leave greater than that permitted under Regulation D2.7.1 require the prospective approval of the College. Any such application must be submitted using the applicable form and received by the College not less than two (2) weeks prior to the date of commencement of the proposed period of leave.

D2.7.4 Supervision of Training

D2.7.4.1 Trainees must be supervised by either:

- a Fellow of the Australasian College for Emergency Medicine (FACEM); or
- co-supervision by a currently certified Diplomate of the Australasian College for Emergency Medicine (Dip EM (ACEM)) and a FACEM

who has satisfactorily completed the ACEM Clinical Teaching Course; an 'approved EMCD Supervisor'.

D2.7.4.2 Not less than 30 per cent of a trainee's EMD training must occur under the direct clinical supervision of an approved EMCD Supervisor and/or FACEM.

Regulation D

Australasian College for Emergency Medicine

D2.7.4.3 Each trainee shall have a 'Primary Supervisor' who is responsible for the oversight of that trainee's progression through the EMD Training Program. Only an approved EMCD Supervisor is eligible to be the Primary Supervisor.

D2.7.5 Training Sites

D2.7.5.1 EMD training may be undertaken in a hospital with the following minimum staffing in the emergency department:

- (a) one (1) full-time equivalent Fellow of the College (i.e. FACEM), at least one (1) of whom is an approved EMCD Supervisor; or
- (b) subject to the prior approval of the College, a site with less than one (1) FTE FACEM that does not otherwise meet Regulation D2.7.5.1(a).

D2.7.5.2 For the purposes of Regulation D2.7.5.1(b), prospective EMD trainees will need to demonstrate to the satisfaction of the College, appropriate arrangements to enable them to receive the supervision required pursuant to Regulation D2.7.4 and undertake at least 320 hours working at a multi-FACEM (i.e. not less than 2.5FTE FACEM) site where at least one (1) FACEM is an approved EMCD Supervisor.

D2.7.6 Removal from the EMD Training Program

D2.7.6.1 Unless the Emergency Medicine Certificate and Emergency Medicine Diploma (EMCD) Committee accepts that exceptional circumstances exist, a trainee shall be considered for removal from the EMD Training Program if they:

- (a) fail to complete the requirements of the EMD Training Program within the timeframe specified in these Regulations or their circumstances in the training program become such that they reach a point where it is not possible under these regulations for the requirements to be completed within the specified timeframe;
- (b) fail to pay all applicable fees by the date on which they are due and/or any associated late payment fees or portions thereof remain outstanding within three (3) months of the date on which the original fee was due;
- (c) fail to maintain medical registration in Australia or New Zealand in accordance with Regulation D2.3;
- (d) engage in conduct contrary or derogatory to or inconsistent with the principles, ethics, dignity, standards or purposes of the College, in which case the matter shall be dealt with by the Board.

D2.7.6.2 At least 28 days prior to the meeting of the EMCD Committee at which a trainee is to be considered for removal from the EMD Training Program, they will be informed in writing and advised:

- of the ground(s) on which they may be removed from the EMD Training Program;
- the date on which their removal from the EMD Training Program is to be considered;
- that they are entitled to provide a written submission for consideration of any exceptional circumstances (as described in the College's *Exceptional Circumstances and Special Consideration Policy*), but that they are not entitled to attend in person or through a representative;
- that any information they wish to have considered by the EMCD Committee should be provided in writing to the College not less than 14 days prior to the meeting at which their removal from the EMD Training Program is to be considered.

D2.7.6.3 The EMCD Committee may make one of the following decisions:

- (a) That, on the basis of the materials presented to it, the trainee be permitted to remain in the EMD Training Program and the revised timeframe in which they are required to complete the requirements of this pathway.
- (b) That, on the basis of the materials presented to it, the trainee be removed from the EMD Training Program.

D2.7.7 Suspension from Training

D2.7.7.1 Unless the Board or Council of Education, in their absolute discretion, resolve otherwise, a trainee whose medical registration is suspended for any reason, or has conditions applied that restricts their ability to undertake fully the requirements of the EMD Training Program, or who fail, for whatever reason, to maintain registration with the MBA, MCNZ or other relevant regulatory body as applicable, shall automatically be suspended from the EMD Training Program, and shall not:

- (a) be entitled to undertake any assessment associated with the EMD Training Program;
- (b) be entitled to accrue or be credited with any training undertaken during the period of suspension from the EMD Training Program;
- (c) hold themselves to be a trainee of the EMD Training Program; or
- (d) be entitled to any benefits or entitlements under the EMD Training Program.

D2.7.7.2 The Board or Council of Education may by resolution and upon an application by the trainee, lift a trainee's suspension from the EMD Training Program with or without the payment of a further fee and subject to any conditions imposed by the Board or Council as applicable.

D2.7.7.3 The length of any suspension pursuant to this regulation shall not affect the timeframes for completion of the EMD Training Program as outlined elsewhere in these regulations and that period of suspension shall not, unless the Board or Council of Education resolves otherwise, be considered as an interruption to training.

D2.7.8 Termination of EMD Training

D2.7.8.1 A trainee who has their medical registration terminated or cancelled by a regulatory body empowered to do so, shall automatically be removed from the EMD Training Program. Any removal from the EMD Training Program pursuant to this regulation shall not be subject to reconsideration, review or appeal under College processes.

D2.8 EMD Online Learning Modules

D2.8.1 Trainees are required to complete the following three (3) online learning modules:

- Manage complex emergency presentations;
- Participate in advanced clinical support activities; and
- Demonstrate advanced professional, legal and ethical practice.

D2.9 Workplace-based Assessments

D2.9.1 EMD trainees are required to satisfactorily complete the following Workplace-based Assessments (WBAs):

- eight (8) Mini-Clinical Evaluation Exercise (Mini-CEX);
- nine (9) Direct Observation of Procedural Skills (DOPS);
- four (4) Case-Based Discussion (CBD); and
- Procedural Checklist; and
- Audit

D2.9.2 Mini-CEX and CbD WBAs must be assessed by a FACEM or approved EMCD Supervisor.

D2.9.3 DOPS must be assessed by a FACEM, approved EMCD Supervisor or a registered specialist medical practitioner whose area of speciality relates to the applicable area of clinical practice. In the case of the latter, the trainee's Primary Supervisor must approve the completed assessment.

D2.9.4 The Audit must be assessed by the Primary Supervisor.

D2.9.5 The Procedural Checklist must be signed-off by a FACEM, approved EMCD supervisor or any registered specialist medical practitioner whose area of speciality relates to the applicable area of clinical practice.

D2.9.6 The Mini-CEX, DOPS, CbD and Procedural Checklist may be completed by telemedicine

D2.10 Workshops

D2.10.1 Trainees are required to satisfactorily complete and attain certification in two (2) of the following workshops:

- (a) Advanced Paediatric Life Support (APLS) or Advanced Paediatric Emergency Medicine (APEM);
- (b) Early Management of Severe Trauma (EMST) or Emergency Trauma Management (ETM);
- (c) Advanced and Complex Medical Emergencies (ACME);
- (d) Effective Management of Anaesthetic Crisis (EMAC).

D2.10.2 Workshop Exemption

D2.10.2.1 Trainees seeking an exemption under Regulation D2.10.1 must provide documented evidence confirming their attendance and completion of the applicable workshop(s).

D2.10.2.2 An exemption will only be granted if the workshop(s) certification, as evidenced on the certificate of completion, is current or, where no period is specified, if the workshop(s) was completed in the five (5) years prior to entry to the EMD Training Program.

D2.10.3 Trainees must present original certificates, including those received by electronic correspondence, as evidence of workshop completion, to their Primary Supervisor

D2.11 Written Case Reflections

D2.11.1 Trainees are required to submit 12 written case reflections regarding cases encountered in the Emergency Department in the course of their training.

D2.11.2 Written case reflections must be submitted via the trainee's ePortfolio and may be submitted at any stage in the course of the 18 FTE months of training.

D2.11.3 Written case reflections are assessed by the trainee's Primary Supervisor and must be assessed prior to submission of the statement of attainment.

D2.12 Statement of Attainment

D2.12.1 Following completion of all assessments other than the EMD Online Examination, the Primary Supervisor must submit a statement to the College confirming the completion of all applicable assessments and the trainee's eligibility to sit the EMD Online Examination.

D2.12.2 The statement of attainment may be submitted prior to completion of the required 18 FTE months of prospectively approved training.

D2.13 EMD Online Examination

D2.13.1 Eligibility

D2.13.1.1 To be eligible to sit the EMD Online Examination, trainees must have successfully completed:

- (a) a minimum of 10 FTE months of prospectively approved supervised ED training;
- (b) the required online learning modules and their associated assessments;
- (c) all required WBAs;
- (d) all required workshops or exemption from this requirement; and
- (e) all required written case reflections.

D2.13.1.2 The candidate must also:

- (a) be a registered EMD trainee of the College; and
- (b) have no financial debts to the College.

D2.13.1.3 Subject to continuing to meet all eligibility requirements, candidates unsuccessful in an attempt at the examination are able to apply to sit the next scheduled examination.

D2.13.2 Examination Arrangements

D2.13.2.1 The EMD Online Examination is held four times per year on dates specified by the College and must be sat at the candidate's training hospital under supervision arrangements approved by the College.

D2.13.2.2 The College reserves the right to approve or reject any proposed invigilator(s) for candidates in the examination.

D2.14 Certification and Admission Fee

D2.14.1 To be eligible to apply for certification as a Diplomate of the College, trainees must have satisfactorily completed the requirements of Regulation D2.5.

D2.14.2 It is the responsibility of the trainee to submit an application for admission as a Diplomate to the College.

D2.14.3 An application for admission as a Diplomate must be made using the appropriate form, together with payment of the required fee. Applications for admission as a Diplomate will not be processed until the application fee has been processed.

D2.14.4 Following approval by the Council of Education, the trainee will then be listed on the Register of Diplomates.

D2.15 Recertification and Annual Subscription Fees

Refer to Regulation E2.

D2.16 Recognition of Prior Learning and Exemption

D2.16.1 Recognition of Prior Training

D2.16.1.1 Subject to maximum course requirements, Recognition of Prior Learning (RPL) may be granted for anaesthetic and/or ICU terms as applicable, where the trainee has previously completed:

- (a) an anaesthetic term of at least three (3) FTE months; or
- (b) a three (3) FTE month ICU term.

D2.16.1.2 Applications for RPL must be made in accordance with the ACEM *Policy on Recognition of Prior Learning and Credit Transfer*.
