

Australasian College
for Emergency Medicine

Policy for Transition from the 2022 FACEM Training Program to the Emergency Medicine Certificate, Intermediate Emergency Medicine and Advanced Emergency Medicine Training Programs

V2 NSTP900

Document Review

Timeframe for review:	Every two years, or earlier if required
Document authorisation:	Council of Education
Document implementation:	Executive Director of Training
Document maintenance:	Lead, Education and Training Governance

Revision History

Version	Date	Pages revised / Brief Explanation of Revision
v1	May-2023	Approved by COE
V1.1	Oct-2023	Minor updates to DOPs table for EMC/EMD/EMAD
2	Apr-2024	Program name changes (EMD to IEMTP and EMAD to AEMTP)

1. Purpose and scope

This policy describes the principles and processes by which evidence of training, experience and credentials possessed by a FACEM Training Program trainee may be assessed for the purpose of transitioning from the 2022 FACEM Training Program into the ACEM Emergency Medicine Certificate (EMC), Intermediate Emergency Medicine Training Program (IEMTP), or Advanced Emergency Medicine Training Program (AEMTP).

2. Explanation of terms

21 Recognition of prior learning

Recognition of Prior Learning (RPL) refers to the acceptance and assessment of evidence of relevant knowledge, skills and competencies attained through experience or education and training in another medical education program or jurisdiction (Committee of Presidents of Medical Colleges, 2009).

RPL may be available to trainees wishing to enter the EMC, IEMTP or AEMTP training programs for evidence of knowledge, skills and competencies obtained from experience or training gained while undertaking the FACEM Training Program.

An RPL assessment process assesses evidence of an individual's equivalent competencies as articulated in the ACEM Curriculum Framework against the *EMC/IEMTP/AEMTP Curriculum Document*.

3. Principles for assessment

Validity

The evidence of knowledge, skills and other competencies should be relevant to the EMC, IEMTP or AEMTP training programs for which recognition is being sought. Validity of the knowledge, skills and other competencies is assessed through alignment of the FACEM Training Program learning outcomes with those in the *EMC/IEMTP/AEMTP Curriculum Document*, and consideration of content, level of training and clinical/medical experience.

Authenticity

The evidence of knowledge, skills and other competencies must clearly be those of the trainee and the information supplied must be true and accurate.

Timeliness

Applications for RPL must be received prior to commencement in the EMC, IEMTP or AEMTP training programs, taken from the date of the commencement of the initial training term undertaken.

Maximum RPL

The maximum RPL available for the FACEM Training Program is dependent on the evidence supplied by the trainee, in conjunction with data in College records, and the provisions of this policy.

Trainee

In the context of this policy, a trainee refers to an individual currently enrolled in the FACEM Training Program under ACEM Regulation G.

Currency

The applicant must have not withdrawn from the FACEM Training Program more than five (5) years prior to the date of application. An outcome of RPL for the EMC, IEMTP or AEMTP will be valid for 60 days after the outcome is communicated to the applicant. A trainee that does not enrol within 60 days of receipt of an outcome will be required to submit a new application for assessment.

4. Application for RPL

An application for RPL must be made in writing on the appropriate form and be accompanied by all required information and supporting documentation.

An application submitted under this policy must address the following:

- (a) A clear indication of the EMC, IEMTP or AEMTP training program to which the trainee is applying to transition.
- (b) A statement of evidence (defined as assessment data) from the trainee providing details of the assessment(s) and/or training requirements completed and for which the RPL is being sought.
- (c) An Emergency Medicine Certificate Procedural Checklist, Intermediate Emergency Medicine Diploma Procedural Checklist, or an Advanced Emergency Medicine Procedural Checklist (as applicable) signed off by the trainee's current ACEM Director of Emergency Medicine Training (DEMT) that confirms the trainee's ability to perform specific procedures as outlined in the checklist.
- (d) Any additional documentation or information that may be specifically required by the relevant ACEM Committee.
- (e) Confirmation that the training for which RPL is sought was satisfactorily completed and formally accredited towards the requirements to be met by the trainee in the FACEM Training Program.

If any required supporting documentation cannot be provided at the time the application form is submitted or if further documentation is required then such documentation must be received by the College within four (4) weeks of the date of the request by ACEM to the trainee.

5. When RPL will not be granted

The circumstances in which applications for RPL will not be considered include, but are not limited to, the following:

- (a) The application is incomplete (e.g., supporting documentation is not provided).
- (b) The application is not made within the prescribed timeframes outlined in this policy.
- (c) The trainee has fees due for payment to ACEM.

6. Assessment of applications for RPL

6.1 Assessment Process:

Assessment of RPL applications will be endorsed by the approved COE delegate/s.

7. RPL by cohort

To simplify the transition of trainees from the FACEM Training Program to the EMC, IEMTP or AEMTP training programs, trainees are categorised into five (5) transition cohorts for the purposes of approving RPL.

Cohort 1

For this policy, Cohort 1 refers to a trainee who:

- a) has not successfully met the standard required by 12 FTE months core ED requirements of Training Stage 1.

Cohort 2

For this policy, Cohort 2 refers to a trainee who:

- a) has successfully met the standard required by 12 months FTE core ED requirements of Training Stage 1 as verified by the trainee's most recent Trainee Progression Review Panel outcome, with or without the Primary Examinations; or
- b) has not successfully met the standard required by 12 FTE core ED requirements of Training Stage 2, as verified by the Trainee Progression Review Panel outcome.

Cohort 3

For this policy, Cohort 3 refers to a trainee who:

- a) has successfully met the standard required by 12 months FTE core ED requirements of Training Stage 2, as verified by the trainee's most recent Trainee Progression Review Panel outcome.
- b) has not successfully met the standard required by 12 FTE core ED requirements of Training Stage 3, as verified by the Trainee Progression Review Panel outcome with or without the Fellowship Written Examination.

Cohort 4

For this policy, Cohort 4 refers to a trainee who:

- a) has successfully met the standard required by 12 months FTE core ED requirements of Training Stage 3, as verified by the trainee's most recent Trainee Progression Review Panel outcome, with or without the Fellowship Written Examination.
- b) has not successfully met the standard required by 12 FTE core ED requirements of Training Stage 4, as verified by the Trainee Progression Review Panel outcome.

Cohort 5

For this policy, Cohort 5 refers to a trainee who:

- a) with or without the Fellowship Clinical, has successfully met the standard required by 12 FTE months of Training Stage 4, as verified by the trainee's most recent Trainee Progression Review Panel outcome.

7.1 Cohort 1 trainees

A trainee who has not successfully met the standard required by 12 FTE months core ED requirements of Training Stage 1

Emergency Medicine Certificate (EMC)	
EMC Program Requirements	Maximum RPL
Six (6) FTE months of approved supervised training	No credit
Start of placement & Reflection meetings	No credit
EM-WBAs	
Five (5) Mini-Clinical Evaluation Exercise (Mini-CEX)	No credit
Six (6) Direct Observation of Procedural Skills (DOPs)	No credit
Two (2) Case Based Discussions (CbD)	No credit
EMC Procedural Checklist	No credit
Workshops	
Certification in Advanced Life Support (ALS2)	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
ACEM IHCC Online Modules	ACEM record of completion
Examinations	
EMC Online Examination	No credit

Intermediate Emergency Medicine Training Program (IEMTP)	
IEMTP Program Requirements	Maximum RPL
Twelve (12) FTE months of approved supervised training	No credit
Start of placement & Reflection meetings	No credit
EM-WBAs	
Ten (10) Mini-CEX	No credit
Eleven (11) DOPs	No credit
Four (4) CBDs	No credit
EMC Procedural Checklist	No credit
IEMTP Procedural Checklist	No credit
Workshops	

Certification in ALS2	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
Certification in Advanced Paediatric Life Support (APLS)	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
Certification of Early Management of Severe Trauma (EMST) or Emergency Trauma management (ETM)	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
ACEM IHCC Online Modules	ACEM record of completion
Examinations	
EMC Online Examination	No credit
IEMTP Online Examination	No credit

Advanced Emergency Medicine Training Program (AEMTP)

AEMTP Program Requirements	Maximum RPL
Eighteen (18) FTE months of approved supervised training	No credit
Start of placement & Reflection meetings	No credit
EM-WBAS	
Thirteen (13) Mini-CEX	No credit
Fourteen (14) DOPs	No credit
Four (4) CBDs	No credit
Two (2) Shift Reports	No credit
EMC Procedural Checklist	No credit
IEMTP Procedural Checklist	No credit
AEMTP Procedural Checklist	No credit
One (1) DOCS	No credit
Quality Improvement	The Trainee Record as evidence of satisfactory completion of the Trainee Research Requirement.
Workshops	
Certification in ALS2	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
Certification in APLS	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)

Certification in EMST or ETM	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
ACEM IHCC Online Modules	ACEM record of completion
Ultrasound Course	The Trainee Record for a record of satisfactory completion of an accredited minimum three (3) FTE month Ultrasound Special Skills placement while in the FACEM Training Program
ACEM EMATP Supervisor Course	No credit
Examinations	
EMC Online Examination	No credit
IEMTP Online Examination	No credit
AEMTP Online Examination	No credit

72 Cohort 2 trainees

A trainee who:

- has successfully met the standard required by 12 months FTE core ED requirements of Training Stage 1 as verified by the trainee's most recent Trainee Progression Review Panel outcome, with or without the Primary Examinations; or
- has not successfully met the standard required by 12 FTE core ED requirements of Training Stage 2, as verified by the Trainee Progression Review Panel outcome.

Emergency Medicine Certificate (EMC)	
EMC Program Requirements	Maximum RPL
Six (6) FTE months of approved supervised training	Credit six (6) FTE months
Start of placement & Reflection meetings	No Credit
EM-WBAS	
Five (5) Mini-CEX	<p>Credit (up to 3): Eligible to be credited the following Mini-CEX:</p> <ol style="list-style-type: none"> Chest pain presentation Abdominal pain presentation <p>Trainees who have worked in a Mixed ED for six (6) months:</p> <ol style="list-style-type: none"> Paediatric <p>Not eligible for RPL:</p> <ol style="list-style-type: none"> Trauma with primary survey Mental state examination
Six (6) DOPs	<p>Credit (5) Eligible to be credited the following DOPs:</p> <ol style="list-style-type: none"> Suture Wound C-spine manoeuvre, including 3-person log roll Plaster upper limb Plaster lower limb Safe defibrillation <p>Not eligible for RPL:</p> <ol style="list-style-type: none"> Bag valve mask (unless Trainee Progression Review Panel has assessed successful completion of an Anaesthetics placement, then eligible for credit)
Two (2) CBDs	No Credit
EMC Procedural Checklist	Credit for individual procedures signed off as competent by their current DEMENT subject to assessment by the COE approved delegate(s)
Workshops	
Certification ALS2	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
ACEM IHCC Online Modules	Credit
Examinations	
EMC Online Examination	No Credit

Intermediate Emergency Medicine Training Program (IEMTP)

IEMTP Program Requirements	Maximum RPL
Twelve (12) FTE months of approved supervised training	Credit 12 FTE months
Start of placement & Reflection meetings	No Credit
EM-WBAs	
Ten (10) Mini-CEX	<p>Credit (up to 4) Eligible to be credited the following Mini-CEX:</p> <ol style="list-style-type: none"> 1. Chest pain presentation 2. Abdominal pain presentation 3. Neurology <p>Trainees who have worked in a Mixed ED or PED for six (6) months are eligible for:</p> <ol style="list-style-type: none"> 4. Paediatric <p>Not eligible for RPL:</p> <ol style="list-style-type: none"> 5. Trauma with primary survey 6. Mental state examination 7. Obstetrics and Gynecological 8. Multi-trauma 9. Toxicology 10. Renal/Endocrine/metabolic
Eleven (11) DOPs	<p>Credit (5) Eligible to be credited the following DOPs:</p> <ol style="list-style-type: none"> 1. Suture Wound 2. C-spine manoeuvre, including 3-person log roll 3. Plaster upper limb 4. Plaster lower limb 5. Safe defibrillation <p>Credit (up to 4) Trainee record as evidence of independently competent:</p> <ol style="list-style-type: none"> 6. Procedural Sedation 7. Lumbar puncture 8. RSI & ventilator setup 9. Major Joint or Fracture reduction <p>Not eligible for RPL:</p> <ol style="list-style-type: none"> 10. Bag valve mask (unless Trainee Progression Review Panel has assessed successful completion of an Anaesthetics placement, then eligible for credit) 11. Non-Invasive ventilation
Four (4) CBDs	No Credit
EMC Procedural Checklist	Credit for individual procedures signed off as competent by their current DEMENT subject to assessment by the COE approved delegate(s)

IEMTP Procedural Checklist	Credit for individual procedures signed off as competent by their current DEMENT subject to assessment by the COE approved delegate(s)
Workshops	
Certification in ALS2	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
Certification in APLS	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s); or completion of PER
Certification in EMST or ETM	Evidence of current and valid certificate from the relevant course(s) provider and subject to assessment by the COE approved delegate(s)
ACEM IHCC Online Modules	Credit
Examinations	
EMC Online Examination	No Credit
IEMTP Online Examination	No Credit

Advanced Emergency Medicine Training Program (AEMTP)

AEMTP Program Requirements	Maximum RPL
Eighteen (18) FTE months of approved supervised training	Credit 12 FTE months
Start of placement & Reflection meetings	No credit
EM-WBAS	
Thirteen (13) Mini-CEX	<p>Credit (up to 4) Eligible to be credited the following Mini-CEX:</p> <ol style="list-style-type: none"> 1. Chest pain presentation 2. Abdominal pain presentation 3. Neurology <p>Trainees who have worked in a Mixed ED or PED for six (6) months:</p> <ol style="list-style-type: none"> 4. Paediatric <p>Not eligible for RPL:</p> <ol style="list-style-type: none"> 5.
