

Approved Cultural Competence Activities for CPD

Cultural Competence CPD cycle requirements were introduced by the College Board and reflect ACEM’s commitment to the integration of cultural competency through avenues such as the ACEM Reconciliation Action Plan, the Expert Advisory Group (EAG) on Discrimination Action Plan and the Discrimination, Bullying and Sexual Harassment (DBSH) Action Plan.

After successful completion of an [ACEM cultural competence course](#) via the [Educational Resources site](#), records of these modules will automatically populate into your CPD record and offset your cultural competence cycle CPD requirement (please note this can take up to 24 hours).

The listed activities have been added to the [My CPD activity library](#) (under the **Educational Activities** CPD Category), which you will need to select in order to offset the mandatory CPD requirement in your [CPD tally](#). If you have already completed and recorded one of these activities, please contact the [CPD Unit](#).

You may also recommend an activity for cultural competence approval at any time, via the [ACEM website](#).
