

RESEARCH PROJECT ASSESSMENT FORM

Trainee Name: _____ **ACEM ID:** _____ **Adjudicator:** _____

Title of Project: _____

For this requirement to be satisfied, the trainee must sufficiently discuss and demonstrate understanding of all of these criteria.

Overall Outcome: (please circle or bold)

Resubmit

Satisfactory

Assessment against Criteria: (please place an 'x' in the appropriate column)

	Not done	Unsatisfactory	Satisfactory
Abstract			
Introduction			
Summary of current relevant evidence			
Significance of the project outlined			
Hypothesis clearly stated			
Study design/methodology			
Study design described clearly			
Methods well described (including sample/subjects and outcomes)			
Methods valid for project type			
Appropriate analysis used			
Appropriate justification of sample size (where relevant)			
Results			
Described accurately including measures of variance			
Analysed and interpreted correctly			
Presented clearly and unambiguously			
Discussion			
Succinct interpretation of main findings			
Significance of findings in context of other works in the field and appropriate references cited			
Limitations of the study identified			
Draws appropriate conclusions
