

DIRECT ENTRY APPLICATION FOR ADVANCED EMERGENCY MEDICINE TRAINING PROGRAM (AEMTP) ENTRY PATHWAY 3

CRITERIA TO APPLY

This application for the Emergency Medicine Advanced Training Program (AEMTP) Entry Pathway 3 is available to:

- Fellows of the Australian College of Rural and Remote Medicine (ACRRM), or
- Fellows of the Royal Australian College of General Practitioners (RACGP), or
- Fellows of the Royal New Zealand College of General Practitioners (RNZCGP)

AND

- Who have successfully completed the RACGP Advanced Rural Skills Training (ARST) in Emergency Medicine or the ACRRM Advanced Specialised Training (AST) in Emergency Medicine,

AND

- Within the last five years, have worked at least two (2) FTE years in an Emergency Department of which at least three (3) months was undertaken in Australia or New Zealand.

To complete this application for the AEMTP Entry Pathway 3 the applicant must meet the following requirements:

1. Have safely completed **AT LEAST 47 out of 58 (80%)** of the procedures listed in this Self-Assessment Checklist including ALL of the procedures marked as mandatory. The procedures must have been completed within the previous three years. The procedures may have been completed through either clinical practice or by simulation in a relevant course.
2. The Self-Assessment Checklist must be endorsed by a FACEM with whom the applicant has worked either directly or within a network, during the preceding three years. The endorser must be reasonably satisfied that the applicant can perform the self-assessed procedures at the level of an Intermediate EM Training Program (IEMTP) graduate.
3. Signed endorsement by a FACEM with whom they have worked in the last three years (directly or within a network), of the applicant's knowledge of the Foundational and Intermediate EM Training Programs Curricula. The endorser must be reasonably satisfied that the applicant:
 - a) Has the basic knowledge and skills in carrying out an initial focused assessment of an undifferentiated patient.
 - b) Has the knowledge and skills to manage and treat patients with common emergency presentations.
 - c) Has the basic knowledge and skills to deliver safe patient care in a modern emergency care system.
 - d) Has the fundamental knowledge and skills to stabilise critically ill and injured patients, as well as provide safe sedation for emergency procedures.
 - e) Has the knowledge and skills to independently manage and treat a range of higher complexity emergency presentations.

DIRECT ENTRY APPLICATION FOR ADVANCED EMERGENCY MEDICINE TRAINING PROGRAM (AEMTP) ENTRY PATHWAY 3

- f) Has the knowledge, skills, and attributes to communicate and collaborate effectively with patients and families/whanau from different cultures, members of their local healthcare team, and clinicians from other services.
4. Provide current evidence of:
- A current Advanced Life Support 2 (ALS2) certificate or equivalent for trainees based in New Zealand, such as the Australian Resuscitation Council accredited ALS2 workshop. Refer to the p.5 of the [FEMTP EM Skills Workshops](#), and
 - Advanced Paediatric Life Support (APLS), and
 - Early Management of Severe Trauma (EMST) or Emergency Trauma Management (ETM).
5. Provide evidence of completion of RACGP ARST or ACRRM AST in emergency medicine.
6. Provide proof of currency of clinical practice. i.e. current CPD certificate.
7. Provide evidence of Specialist Medical Practitioner documentation.
8. Emergency Department employment documentation*.

Emergency Department Experience

Please complete the table below and provide evidence of your two (2) FTE years in an Emergency Department in the last five (5) years of which at least three (3) months needs to have been undertaken in Australia or New Zealand.

*Evidence of this clinical experience MUST be provided with this application; for example, a term report or a letter of service on Hospital Letterhead from the relevant emergency department(s) or human resources department(s), including dates and FTE worked in emergency department(s).

Hospital	Position	Dates of employment	FTE (Full Time Equivalent) 0.0 – 1.0

DIRECT ENTRY APPLICATION FOR ADVANCED EMERGENCY MEDICINE TRAINING PROGRAM (AEMTP) ENTRY PATHWAY 3

ENDORSEMENT:

I confirm that I have worked with the applicant, directly or within a network, during the last three years and in this time observed this applicant in ED and believe them to be at procedural level of an Intermediate EM Training Program (IEMTP) graduate. I have endorsed that at least 80% of the procedures as shown on the AEMTP Direct Entry Pathway 3 Procedural Checklist have been completed to expected level, including all mandatory procedures.

In consideration of the Foundational and Intermediate EM Training Programs Curricula content, I endorse:

1. That the applicant has the basic knowledge and skills in carrying out an initial focused assessment of an undifferentiated patient.
2. That the applicant has the knowledge and skills to manage and treat patients with common emergency presentations.
3. That the applicant has the basic knowledge and skills to deliver safe patient care in a modern emergency care system.
4. That the applicant has the fundamental knowledge and skills to stabilise critically ill and injured patients, as well as provide safe sedation for emergency procedures.
5. That the applicant has the knowledge and skills to independently manage and treat a range of higher complexity emergency presentations.
6. That the applicant has the knowledge, skills, and attributes to communicate and collaborate effectively with patients and families/whanau from different cultures, members of their local healthcare team, and clinicians from other services.
