6.4 Nominated Referees

This section of the application is where you'll need to provide the details of four referees from your most recently completed full term in Emergency Medicine. Referees will be asked to provide their professional opinion regarding your suitability for training via an online form. There are some specific requirements about who you can choose as your referees, so be sure to read the information on this page carefully:

Personal Details	Eligibility Details	Selection Criteria	Nominated Referees	Declarations & Submission
------------------	---------------------	--------------------	---------------------------	---------------------------

All references must be from your most recently completed full ED term.

The term must have been completed in the last two (2) years (in or after PGY2), in Australia or New Zealand, not including intern or locum work.

Referees nominated from previous terms will be deemed invalid and will not be considered as part of your application.

You must contact your referees to ask their permission, advise them that you are applying for the FACEM Training Program, and to check their contact details, particularly their email address. Applicants are responsible for ensuring referee emails are correct. Completed references are confidential - at no point will you be able to view reference forms completed by your referees.

You'll also need to provide the details of the Director of the Emergency Department, or DEM, at your hospital. This is not the same as the DENT at your hospital, but the DENT will be able to give you the details for the DEM if you are unsure who this is. This referee will be contacted and asked to collaborate with relevant senior clinical staff at the hospital to complete an Institutional Reference.

6.5 Declarations & Submission

In the final section of the application, you need to read each of the declaration and tick the corresponding box to confirm that you have done so. You will then be able to submit your application. Make sure that your application is complete before clicking 'Submit', as you will not be able to edit any details afterwards:

Personal Details	Eligibility Details	Selection Criteria	Nominated Referees	Declarations & Submission
------------------	---------------------	--------------------	--------------------	---------------------------

- I understand that the CV Application, Selection References and Institutional References will be scored using a standard setting method. I understand that offers of enrolment into the FACEM Training Program will be made to applicants who meet and exceed this standard.
- I understand that I am responsible for ensuring that supporting documents are uploaded as single PDF files no larger than 5MB and that they can be opened. I understand that item(s) in the Selection Application will be disregarded if their supporting document(s) cannot be opened or are not uploaded.
- I understand that my nominated referees must be able to provide an informed professional opinion of me, and my work. I have personally contacted the individuals seeking their permission to nominate them as my referees, and confirmed that the details I have provided are correct. I understand that the contact for my Institutional Reference must be the DEM from my most recent full ED term.
- I understand that selection does not entail employment. I understand that if I am successful in the selection process and enrol in the FACEM Training Program, my training must be undertaken in a placement approved for FACEM training. If I fail to obtain employment, my offer to enrol in the FACEM Training Program will lapse and I will be required to go through the Selection process again in future years. I understand that my inability to gain suitable employment is not grounds for deferral of my enrolment.
- I understand that applicants for Selection into FACEM training have a maximum of three attempts. I understand further that this application will be considered my **FIRST** attempt.
- I declare the information I have provided in this application is true, complete and accurate. I accept that if the information I have provided in this application, including any supporting documentation, is false, deficient, inaccurate or deliberately misleading, this will automatically disqualify my application for Selection into FACEM Training. I understand that if I am successful in the Selection process and commence the FACEM Training Program, and if any information I have provided in this application, including any supporting documentation, is found to be false, deficient, inaccurate or deliberately misleading, I will be dismissed from the FACEM Training Program and receive a lifelong ban from Selection and the FACEM Training Program.

You will need to submit your application by the closing date. Once you submit your application, you will receive confirmation of your submission and emails will be sent to your referees to complete the reference forms.

You should login to your dashboard occasionally to make sure your references have been completed before the reference due date for your application round, as detailed on our website. If you notice not all of them have been submitted, you should contact your nominated referees and remind them about the closing date. If your referees have any questions please ask them to contact ACEM. To continue in the selection process, you must have received a valid Institutional Reference ⁽¹⁾ and at least three valid Nominated References ⁽²⁾ by this date:

Application No.	Region	Date Created	Nominated References completed	Institutional Reference completed	Status
A0363	South Australia	15/04/2019	3 / 4 ²	Yes ¹	Submitted View

Following this, your application will be reviewed by the Selection Subcommittee at their scheduled meeting and you will be subsequently notified of the outcome of your application.

If you have any questions about the process, or need more information, please contact the College via email to selection@acem.org.au or on +61 (0)3 9320 0444.
