1. PURPOSE AND SCOPE

The Australasian College for Emergency Medicine (ACEM; the College) conducts Continuing Professional Development (CPD) programs to ensure medical practitioners practising in the field of emergency medicine maintain and improve their knowledge and skills as applicable to their professional practice. These programs are designed to meet the requirements of the Medical Board of Australia (MBA) and the Medical Council of New Zealand (MCNZ) for the purposes of individual practice.

This policy is made pursuant to Regulation E1: Recertification. The purpose of the ACEM Specialist CPD program is to:

- demonstrate the accountability of specialists in emergency medicine to the community by monitoring their participation in CPD
- enable specialists in the field of emergency medicine in Australia and New Zealand to access appropriate professional certification
- comply with relevant legislation and other jurisdictional requirements.

This policy applies equally to all participants in the Specialist CPD program, except where otherwise stated herein.

The policy does not apply to ACEM Certificants, Diplomates or Educational Affiliates, unless they have specifically chosen to participate in the program described herein due to individual CPD requirements.
