A5 PATHWAY TO FELLOWSHIP REVIEW COMMITTEE

A5.1 Purpose and Functions

The Pathway to Fellowship Review Committee (PFRC) shall support the Council of Education (COE) by considering matters relating to individuals who have invoked conditions described by College regulations that render them liable for removal from progression to election to Fellowship of the College. Such matters will normally be referred to the PFRC by a COE Committee that will have previously considered the matter prima facie for the existence of exceptional circumstances warranting a granting of special consideration.

In the context of the functions of the PFRC, individuals whose circumstances may be considered by the Committee include trainees working toward Fellowship of ACEM through the Specialist (FACEM) Training Program and Specialist International Medical Graduates (SIMGs) assessed by the College and working towards eligibility for election to Fellowship.

A5.2 Procedures Relating to Referrals and Meetings of the Pathway to Fellowship Review Committee

A5.2.1 An individual shall be referred to the PFRC where they have breached College regulation/s or other conduct has occurred that has the consequence of removal from a pathway to Fellowship of the College and where the responsible College body has determined prima facie, following consideration of any written submission from the individual concerned, that grounds do not exist for granting special consideration on the basis of exceptional circumstances or that while grounds may exist, relief is not warranted in the entirety of the circumstances.

A5.2.2 The coordinator of the body responsible for making the prima facie determination referred to in Regulation A5.2.1 will notify the Chief Executive Officer in writing of the decision of the body in question through provision of a copy of the correspondence being sent to the individual advising of the decision.

Upon receipt of this correspondence the Chief Executive Officer shall arrange for a meeting of the PFRC to be held pursuant to its Terms of Reference and, once determined, shall, with at least 21 days’ notice, advise the individual whose circumstances are to be the subject of consideration by the PFRC and notify the Chair of the original decision making body of the following:

(a) the intention of the PFRC to consider the matter;
(b) the time, date and place of the meeting;
(c) the composition of the Committee to consider the matter;
(d) particulars of the nature of the matter under consideration; and
(e) that the individual and Chair (or representative) of the original decision making body may provide written submissions to the PFRC and that they may attend and give oral submissions at the meeting in respect of the matter.

The individual and the Chair will be advised that in addition to those documents already submitted to the body responsible for making the prima facie determination, they may provide additional written submissions to the PFRC. All written submissions and copies of any documents and records upon which they wish to rely must be lodged with the PFRC not less than ten (10) days prior to the meeting. Additional information provided after that time will only be considered if the Chair of the PFRC considers that the material is of significance to the matter being considered. In the case of further material from the original decision making body, the individual concerned will be provided with copies for review and comment as soon as reasonably practicable.
A5.2.3 At least seven (7) days prior to the meeting of the PFRC, the Chief Executive Officer shall organise to have distributed to the Committee and the individual whose circumstances are being considered, any materials lodged by the individual or by the College body from which the matter was referred, and on which the PFRC will rely for its considerations.

A5.2.4 At the meeting of the PFRC held to consider the matter, the individual concerned shall be given an opportunity to be heard, and the Committee shall give due consideration to any written or oral submissions made by the individual. The individual may be accompanied by another person, but shall not be entitled to have an advocate or be legally represented before the PFRC, unless the Committee, through the Chair, has given its prior consent.

A5.2.5 As far as is possible, proceedings of the PFRC shall be confidential, except for the reporting of progress, appropriate reporting to the parties involved, and reporting of the decision and reasons to COE and the Board.

A5.2.6 The PFRC is not bound by the rules of evidence and, subject to the rules of natural justice and procedural fairness, may inform itself on any matter and in such manner as it thinks fit. Any information which is material to the matter under consideration shall be disclosed to the individual, and the individual shall be given sufficient opportunity to make submissions in relation to that information.

A5.2.7 The PFRC shall be entitled to consider all relevant information which it thinks fit and may invite any person to appear before it or to provide information.

A5.2.8 The PFRC shall conduct its affairs with as little formality as possible, but otherwise, subject to these regulations and relevant Terms of Reference, shall have full power to regulate its conduct and operation, including convening, adjourning and recording any meeting as it may require.

A5.2.9 In considering any matter referred to it, the PFRC shall act as expeditiously as the circumstances permit and shall, as nearly as possible, observe the provisions for proceedings and procedures relating to the Committee and set out in these regulations and/or other relevant College documents.

A5.2.10 The PFRC may make its own enquiries and seek legal or other professional advice in relation to any matter under consideration.

A5.3 Decisions of the Pathway to Fellowship Review Committee

A5.3.1 The PFRC will make one of the following recommendations to COE:

(a) That, on the basis of the materials presented to it, the individual be permitted to remain in the program in question, subject to any specific conditions that the Committee may identify.

(b) That, on the basis of the materials presented to it, the individual be removed from the program in question.

A5.3.2 The recommendation to COE must be accompanied by a document that summarises the matter/s considered by the PFRC and which outlines clearly the nature of the information on which the Committee based its deliberations, including any relief previously afforded to the individual in relation to any involved exceptional circumstance(s), and the reasons for its recommendation.

A5.3.3 Upon ratification or rejection of the PFRC’s recommendation by COE, the Censor-in-Chief will notify the individual in writing of the decision, and reasons for the decision, within seven (7) days of COE having made a decision in relation to a recommendation of the PFRC forwarded to it. Such notification will include information on the individual’s right of appeal according to the College’s Reconsideration, Review and Appeals Policy, noting that the avenues of reconsideration and review are not available to them by virtue of the matter having been considered by the PFRC.
A5.3.4 Where determinations made by the PFRC in respect of matters considered under these regulations have implications for College policies and/or processes that are the responsibility of any College committee or other entity, the determination in de-identified form and summary reasons may, at the discretion of the CEO, be conveyed to the Chair of any such relevant committee or entity, the Chair of the Council of Education, as well as the senior staff member of the College department responsible for the coordination of the applicable committee or entity for the purposes of revising and improving relevant College policies and processes. The Chair of the committee or other entity may choose to share the determination and summary reasons for the decision with members of the relevant group(s) for this purpose.
